# **MCT4046: Sonification and Sound Design**

Introduction

Anna Xambó

Department of Music, NTNU

January 15, 2019

## Warm-up activity: examples of sonification

**Task:** Bring an example of sonification / sound design that you like. Be ready to present it in class in 3 minutes sharp explaining:

1. why you picked the example,
2. what is it about, and
3. how it can inform your work related to the MCT program.

## Who will be the first voluntary blogger?:

**Task:** Compile the information and write a summary blog post for the MCT blog.

# Syllabus

<https://uio.instructure.com/courses/17405/pages/syllabus>

## Activity: Division of labor for the whole course

Each of you will need to write a blog post about the speaker (priority 1) and if there are not enough slots, then present one of the speakers:

- Today's blog post
- Guest lecture: Øyvind Brandtsegg (Presenter & Blogger)
- Guest lecture: Leif Arne Rønningen (Presenter & Blogger)
- Guest lecture: Daniel Formo (Presenter & Blogger)
- Guest lecture: Edo Fouilloux (Presenter & Blogger)
- WoNoMute talk: Pamela Z (Blogger)
- Talk by Ole Maria Nieling (Blogger)
- Guest lecture: Pedro Pestana (Blogger)
- Guest lecture: TBC (Blogger)
